Cyprus NPL framework proving effective

Robust foreclosure legal framework adopted in Cyprus in April 2015

- Enables the enforcement of mortgages as security rights against debtors through foreclosure
- Minimises the involvement of the Land Registry Office and procedure is driven by the secured creditors in order to expedite property foreclosures
- Ability to initiate foreclosure proceedings once the loan is terminated / repayments & instalments are overdue for over 120 days
- Access to purchase the mortgaged property after 12 months since the for-sale process begins

Stable NIM despite negative interest rate environment

Net Interest Income and Net Interest Margin

Average contractual interest rates² (bps) (Cy)

- **Net interest income (NII) and net interest margin (NIM) for 1H2017 amounted to €316 mn and 3.37% respectively.** NII down by 12% yoy, reflecting the low interest rate environment and the lower volume of loans primarily as a result of the DFAs
- The NII and NIM for 2Q2017 amounted to €160 mn and 3.38% respectively, at similar levels as for 1Q2017
- **Average interest earning assets for 1H2017 amounted to €19.0 bn, down by 5% yoy,** largely due to DFAs and the elevated provisions charges for 2Q2017. Quarterly average interest earning assets for 2Q2017 amounted to €19.0 bn, at similar levels to the previous quarter
- **Customer spread** stable at 425 bps in 2Q2017

(1) Interest earning assets include placements with banks and central bank, reverse repurchase agreements, net loans and advances to customers and investments excluding equity and mutual funds.
 (2) Based on average loan contractual interest rates, before IFRS adjustments.

Reduction in Overseas Non-Core Exposures

Overseas non-core exposures¹ (€ mn)

- Russia: Net exposure
- Romania: Net exposure
- Serbia: Net exposure
- Greece: Net exposure

- In addition, at 30 June 2017, there were €173 mn of overseas exposures in Greece (€195 mn as at 31 March 2017) not identified as non-core exposures
- In accordance with Group's strategy to exit from overseas non-core operations, the operations of the Bank of Cyprus branch in Romania are expected to be terminated during 2017, subject to regulatory approvals. The remaining assets and liabilities of the branch will be transferred to other entities of the Group.

(1) Comparatives excluding core exposures.
 (2) Lending exposures to Greek entities in the normal course of business in Cyprus and lending exposures in Cyprus with collaterals in Greece.

Non-Performing Loans definition

Non-Performing Exposures (NPEs) –as per the EBA definition: In 2014 the European Banking Authority (EBA) published its reporting standards on forbearance and non-performing exposures (NPEs). According to the EBA standards, a loan is considered a non-performing exposure if:

- i. the debtor is assessed as unlikely to pay its credit obligations in full without the realisation of the collateral, regardless of the existence of any past due amount or of the number of days past due
- ii. the exposures are impaired i.e. in cases where there is a specific provision, or
- iii. there are material exposures which are more than 90 days past due, or
- iv. there are performing forbore exposures under probation for which additional forbearance measures are extended, or
- v. there are performing forbore exposures under probation that present more than 30 days past due within the probation period.

The exit criteria of NPE forbore are the following:

1. The extension of forbearance measures does not lead to the recognition of impairment or default
2. One year has passed since the forbearance measures were extended
3. There is not, following the forbearance measures, any past due amount or concerns regarding the full repayment of the exposure according to the post forbearance conditions.

90+DPD: Loans in arrears for more than 90 days (90+ DPD) are defined as loans past-due for more than 90 days and those that are impaired (impaired loans are those which are not considered fully collectable and for which a provision for impairment has been recognised on an individual basis or for which incurred losses exist at their initial recognition or customers in Debt Recovery).
