## The Cyprus Investment and Securities Corporation Ltd (CISCO) named 'Best International Investment Banking Team' in Cyprus for 2020

**Awarded by Capital Finance International journal**

Capital Finance International (cfi.co) journal has named CISCO 'Best International Investment Banking Team - Cyprus 2020'.

Every year, CFI gives out awards to individuals and organisations contributing to the convergence of economies and generating added value for all stakeholders. The awards recognise excellence and single out individuals or organisations for their achievements and for inspiring others.

Commenting on the award, CISCO's General Manager Dr Cleanthis Chandriotis said that "it rewards the ongoing efforts of CISCO's Investment Banking team, who work diligently, professionally and with a high sense of work ethic for the benefit of their clients. This award provides an impetus to our team to strive higher, as we remain razor-focused on achieving the best possible results. Being selected by an internationally recognized and established overseas-based institution highlights that appreciation of high-quality services knows no borders."

In a statement, CFI praised CISCO - a subsidiary of the leading banking and financial organisation in Cyprus - for its outstanding reputation and its talented staff. CFI said CISCO has become the biggest player in its field, essentially the exclusive provider of services on such a scale in Cyprus. Noting that CISCO avails of a proactive team of professionals, CFI made special mention of the company's online stock trading platform, with access to services from mobile apps customised to clients' needs.
