

Product Governance and Costs and Associated Charges Information

Pursuant to the Markets in Financial Instruments Directive and the Markets in Financial Instruments Regulation (collectively, “MiFID II”), the Bank of Cyprus Public Company Ltd (“Bank of Cyprus”, the “Bank”, “us”, “we” and “our”, as appropriate) has an obligation to inform you (the “Client”, “yourself” and “your”, as appropriate), before the provision of services, about the costs and associated charges that relate to investment services and/or ancillary services offered by the Bank. These are separate from any fees or costs related to your banking activities with the Bank, where applicable. The fees and/or costs related to your banking activities with the Bank are subject to the Bank’s Table of Commissions & Charges, as found on the Bank’s website, and/or to any other arrangements/agreements made between you and the Bank.

Investor Protection - Costs & Associated Charges Information

The Bank has an obligation to provide you with clear and comprehensible information regarding the Bank and its services, the financial instruments and proposed investment strategies, execution venues and all costs and associated charges in good time before the provision of services. This is done in order to ensure your awareness of all costs and associated charges to be incurred as well as to enable you to evaluate such information and compare with different financial instruments and investment services, further to the information already provided in the agreement for the provision of investment services and activities and ancillary services (the “Agreement”), and/or the MiFID Pre-Contractual Information Package (the “Info Pack”).

Two types of disclosures will be made to you:

- On an **ex-ante basis** disclosure of aggregated expected costs and associated charges for the relevant investment service and financial instrument
- On an **ex-post basis** disclosure of aggregated costs and associated charges that have actually been incurred by you for the relevant investment service and financial instrument. This will be provided to you annually on a personalised basis.

Please note that in the case of provision of execution services, indicative ex-ante cost and charges information is disclosed herewith and no additional information is provided prior to trading in a financial instrument.

All costs and associated charges which should form part of the amount disclosed to you should be separated and aggregated in two main categories:

- Costs and associated charges related to the financial instrument (the **“Financial Product Costs”** or **“Product Costs”**). These should generally be considered as costs related to the manufacturing and managing of the financial instrument.
- Costs and associated charges related to investment service(s) and/or ancillary services (the **“Investment Service Costs”** or **“Service Costs”**). These should generally be considered as costs related to the establishment and maintenance of a position in a financial instrument charged by us or other parties.

For each of these categories, we will show separate figures comprising:

- **Entry Costs** which may include one-off, incidental, transaction and ancillary services costs which occur upon entry.
- **Running Costs** which may include on-going, incidental, transaction and ancillary services costs.
- **Exit Costs** which may include one-off, incidental, transaction and ancillary services costs which occur upon the sale of a financial instrument.

The costs and associated charges which are presented herein (**Appendix 1**) are the “**Investment Service Costs**” or “**Service Costs**” denoted above and refer to the provision by the Bank of the following **investment services** and/or **ancillary services**:

- Reception, Transmission and Execution of Orders.
- Investment Advice.
- Global Custody Services.
- Investment Research.
- Foreign Exchange.

Appendix 2 details the “**Financial Product Costs**” or “**Product Costs**” which relate to asset class specific costs and associated charges as applicable for specific asset classes and financial instruments offered by the Bank.

If you decide to withdraw from the Agreement, costs charged to the trading account associated with your investment portfolio cannot be refunded once the trading account is opened.

Investor Protection - Product Governance & Target Market Information

Pursuant to MiFID II, Bank of Cyprus has an obligation to comply with product governance requirements, which include the implementation of target market assessment for financial instruments which the Bank creates, develops, issues and/or designs (as a manufacturer) and financial instruments which the Bank offers or sells (as a distributor) to you (the “Client”, “yourself” and “your”) as appropriate.

The rules under product governance may be applied in a proportionate manner, depending on the complexity of the product and the degree to which publicly available information can be obtained, taking into account the nature of the instrument, the investment service and the target market.

According to the above, clients under the execution-only regime and clients for whom the Bank has not collected information to perform a thorough analysis of their compatibility with the target market of a financial instrument, should refer to the Bank’s website at <https://www.bankofcyprus.com/en-gb/Personal/the-bank/mifid2/> for more information on the target market assessment of various asset class categories to evaluate themselves if they fall within the said target market.

Any terms used but not defined in this document shall have the meaning given to them in the Agreement and/or the Info Pack. Any terms used in this document and not otherwise interpreted shall have the meaning attributed thereto in the Law.

Important Disclosures & Disclaimers

The information set out herein is required by law and you are advised to read it so you can make an informed decision about whether to invest. It should be read in conjunction with the Agreement and the Info Pack. This information is not marketing material. Under no circumstances is it to be used or considered as an offer to sell, or a solicitation of any offer to buy, any financial instrument. We recommend that you independently evaluate particular strategies and consult a financial adviser before proceeding to the purchase or sale of any financial instrument.

Any recipient of this document is solely responsible for making its own independent appraisal of and investigations into the transaction and agreements referred to in the document and should not rely on any information contained in this document as constituting advice. We are not providing legal, tax, accounting, or other specialist advice. This material has been prepared for informational purposes only and is not intended to provide, and should not be relied on for, tax, legal or accounting advice. You should consult your own tax, legal and accounting advisors before engaging in any transaction.

Taxation	As incurred	Please consult your own legal and tax advisors for the tax implications of your investments.
Exit Costs		
Cost Item	Amount	Details
Foreign Exchange Costs	<p>1. <u>FX commission</u> All currencies: Up to 0.40% on nominal amount (min €5, max €400)</p> <p>2. <u>FX spread mark-up</u></p> <p>a) Transactions above €20,000 equivalent:</p> <ul style="list-style-type: none"> • Major currencies (EUR, USD, GBP, CHF, JPY): Up to 0.40% • Other currencies: Up to 1.00% <p>b) Transactions below €20,000 equivalent:</p> <ul style="list-style-type: none"> • Major currencies (EUR, USD, GBP, CHF, JPY): Up to 1.00% • Other currencies: Up to 2.50% 	Occurs when base currency is different than asset currency.

² in case the client withdraws from the Agreement, FX costs cannot be refunded if such transactions have been completed.

Taxation	As incurred	Please consult your own legal and tax advisors for the tax implications of your investments.
Transaction Commission / Exit Fee / Execution Fee / Commission	Fees depend on the type of financial instrument.	Please refer to Appendix 2-Financial Instrument Specific Costs & Associated Charges. For members of "PriviEDGE" Club, see section "PriviEDGE Club Fees" in Appendix 1.
<u>Global Custody Services Fees</u> Settlement Fee	Up to €40 per transaction	This fee relates to the provision of Global Custody Services (see relevant section in Appendix 1).

Notes to table:

- *Additional product and service costs may occur at entry or exit as well as during the holding period of the Financial Instrument; these will be charged as incurred.*
- *All fees marked as Global Custody Services Fees in the table above relate to the provision of Global Custody Services.*

Advisory fees

All fees marked in Appendix 1-General Costs & Associated Charges – Bank of Cyprus Public Company Ltd and Appendix 2-Financial Instrument Specific Costs & Associated Charges – Bank of Cyprus Public Company Ltd as 'Advisory Fees' relate to the provision of investment advice either through model portfolios or bespoke investment advice and cover the cost of managing your investment. Model portfolios refer to a collection of mutual funds managed professionally by the Bank. Bespoke investment advice refers to an enhanced product offering model suitable for advisory clients that do not want to be in a model portfolio approach. Both methods employ a suitable and targeted investment approach based on clients' risk/return objectives.

They are charged on the daily average assets under management and are charged quarterly in arrears.

Advisory fees may be subject to VAT.

These fees cannot be refunded in case the client withdraws from the Agreement.

"PriviEDGE" Club Fees

The table below presents the costs and associated charges for the provision of investment advice to clients who are members of the "PriviEDGE" Club.

The fee structure includes the "Advisory Fee" for the provision of investment advice (based on Assets Under Management (AUMs)) plus the Transaction Commission (Brokerage Fee) for the execution of a transaction.

Running Costs		
Cost Item	Amount	Details
Advisory fees (based on AUMs)	AUMs: 1-100K 100K-500K Over 500K	Percentage: 1% 0.50% 0.25%
Entry & Exit Costs		
Cost Item	Amount	Details
Transaction Commission	0.25% on investment amount	Fee relates to the execution of a transaction derived from investment advice provided by the Bank.

Other fees described in Appendix 1 may apply, such as out of pocket expenses.

For “PrivilEDGE” Club members who do not receive investment advice, the costs & charges that apply are described in Appendix 1 and Appendix 2.

Global Custody Services

All fees marked in Appendix 1-General Costs & Associated Charges – Bank of Cyprus Public Company Ltd and Appendix 2-Financial Instrument Specific Costs & Associated Charges – Bank of Cyprus Public Company Ltd as ‘Global Custody Services Fees’ relate to the provision of Global Custody Services. Global custody fees would apply from the date a client deposits financial instruments in his portfolio account. These fees cannot be refunded in case the client withdraws from the Agreement.

Global Custody Services Fees are not subject to VAT. Other fees charged may be subject to VAT.

For investments held by Sub-Custodians, our charges include charges levied by the Sub-Custodians.

The Global Custody Services Fees do not include third party fees such as legal or other fees that may arise, which will be charged as incurred. We have the right to charge any out-of-pocket expenses and costs reasonably incurred in respect of our handling of such third-party fees, expenses and disbursements.

Additional Services

For any additional services falling outside the scope of this Global Custody Services fee schedule, the Custodian will charge fees that relate to such services as they are incurred (plus any applicable VAT).

Taxation

Your Investments, Cash and Transactions carried-out under or in connection with the Agreement may be subject to Taxes. You should consult your own legal and tax advisors for the tax implications involved

hereunder, which may be affected by, among other things, your country of tax residence and/or the type of Investment and/or your tax profile.

Inducements

Where the Bank provides investment services other than portfolio management or independent investment advice, the Bank may be paid fees or commissions, or provide or be provided with non-monetary benefits (together “inducements”), in connection with the provision of an investment or an ancillary service, to or by any party except the client or a person on behalf of the client, only where the inducement is designed to enhance the quality of the service to the client and the inducement does not impair compliance with our duty to act honestly, fairly and professionally, in accordance with our clients’ best interests.

Specifically, where the Bank provides investment services other than portfolio management or independent investment advice, the Bank may receive the following inducements:

- The Bank may receive a servicing fee from certain independent fund managers for providing services to end investors including (but not limited to) the provision of ongoing investment information. The fee mainly consists of rebates of management fees. This fee is calculated as a percentage of the average net asset value of holdings in the relevant funds for as long as they remain invested. The fee differs for each fund; currently it ranges from 0.01% to 2.10% per annum. The servicing fee is generally paid to the Bank on a quarterly basis.

Where we provide portfolio management and/or independent investment advice to you, we are not allowed to accept and retain fees, commissions or any monetary or non-monetary benefits paid or provided by any third party or a person acting on behalf of a third party in relation to the provision of such service to you.

Nonetheless, we are allowed to accept and retain minor non-monetary benefits that are capable of enhancing the quality of service provided to you and are of a scale and nature such that they could not be judged to impair compliance with our duty to act in your best interest. Minor non-monetary benefits that are acceptable include, amongst others, the following:

- Information or documentation relating to a Financial Instrument or an investment service, which is generic in nature or personalised to reflect the circumstances of an individual client.
- Written material from a third party that is commissioned and paid for by, for instance, a corporate or potential issuer to promote a new issuance, provided that the relationship is clearly disclosed in the material and that the material is made available to anyone wishing to receive it or to the general public.
- Participation in conferences, seminars and other training events on the benefits and features of a specific Financial Instrument or an investment service.
- Hospitality of a reasonable de minimis value, such as food and drink during a business meeting, conference, seminar, or other training event.

The Bank maintains an inducements policy. This can be provided upon request.

Appendix 2: Financial Instrument Specific Costs & Associated Charges – Bank of Cyprus Public Company Ltd

The tables below detail the asset class specific costs and associated charges, presented in the two main categories (Service Costs and Product Costs) and the three sub-categories (Entry Costs, Running Costs and Exit costs). These costs are applicable for specific asset classes and financial instruments.

Product Asset Class(es) / Financial Instrument(s)	H. Products traded via trading platform (a)
Product Asset Class Description	<u>Products traded via trading platform</u> are the instruments available on BOC eTrader, the Bank's online trading platform whereby clients can have direct access to execute their trades at live executable prices. BOC eTrader is provided to clients for speculating and/or hedging purposes. The instruments provided are traded on margin.
Examples	a) <u>Rolling FX Spot</u> is an execution-only product and generally therefore has no recommended holding period. Rolling FX Spot trades do not settle. Instead, open positions held at the end of a trading day are rolled forward to the next available business day. The objective of trading Rolling FX Spot is to gain exposure to fluctuations of a certain currency pair without actually owning it. The return depends on the size of the performance (or movement) of the underlying currency pair and the size of the position. This product is used for speculating or hedging and is commonly traded on margin.

PRODUCT COSTS – Rolling FX Spot¹⁹		
Entry Costs		
Cost Item	Amount	Details
Spread that is measured in pips is the difference between bid and ask price of a currency pair	<p>The spreads applied are shown in the trading ticket screen in the platform before entering a trade.</p> <p>The spread depends on a number of factors, including but not limited to, the market volatility, liquidity, the time of execution and the traded amount.</p> <p>During periods of volatile markets or during periods of limited market liquidity, or during the release of key economic figures the spread may be increased</p>	
Commission for small trade size execution	Up to \$10 per transaction	Charged for the service of carrying out the transaction, subject to a minimum fee on small notional trade sizes.
Running Costs		
Cost Item	Amount	Details
Mark up on Tom / Next Swap points	T/N swap points provided by Tier 1 banks plus/minus a mark-up of up to +/-0.55% on the trade amount	FX Spot open positions held at the end of a trading day (17:00 EST, except NZD pairs at 07:00 NZDT) are rolled. The swap points used are calculated using the tom/next swap feeds from Tier-1 banks, plus/minus

¹⁹ In case a client withdraws from the Agreement, these costs relating to products traded on the trading platform cannot be refunded.

		a mark-up of 0.55% (total mark up 1.10%).
Financing of unrealized P&L (Financing Interest)	On the daily overnight interest rates provided by our service provider plus a mark-up /markdown of up to +/- 0.75% on the unrealized P&L amount	Any unrealised profits or losses on positions that are rolled from one day to the next are subject to interest credit or debit. The rate is calculated based on daily overnight interest rates provided by our service provider plus/minus a mark-up corresponding to +/- 0.75%. The cost/income is calculated in pips and added in the daily T/N rollover swap points.
